

Dear SAMLARC Member,

As your Board of Directors and fellow neighbors, we appreciate your decision to call SAMLARC home. For 40 years, SAMLARC has cultivated an exceptional lifestyle that encompasses amenities, events, and community stewardship. With more than 13,000 families, hundreds of acres of landscape, the Lago Santa Margarita and Beach Club, and scores of parks, pools, and lifestyle programs, SAMLARC plays an important role in maintaining a strong community.

To appropriately care for a community of this scale, the volunteer SAMLARC Board of Directors manages the Corporation's assets carefully. Under the guidance of the SAMLARC Budget and Cash Flow Committee, the annual budget and assessment rate are built to address the costs associated with managing our community, anticipated expenses, long-term savings, insurance requirements, and high-quality services. *As approved at the October 14, 2025, Budget Workshop, the 2026 assessment rate will be \$91.00 per month, effective January 1, 2026.*

Proactive community management positively shapes SAMLARC's future. Aligned with the Board's strategic planning, SAMLARC continues to partner with its vendors to address industry challenges such as labor shortages, utility and insurance rate hikes, supply chain disruptions, aging amenities, defensible space, and drought mitigation. One of the Board's many goals is to ensure SAMLARC remains attractive, valuable, and relevant for its Members. This remains our vision for today, tomorrow, and beyond.

Per Civil Code §5300, information on SAMLARC's annual budget, as well as the proposed 2026 Architectural Standards and Policies & Guidelines, is available on-line at SAMLARC.org/homeowners. Paper copies are available at the Business and Beach Club Offices, and complimentary, mailed copies may be requested by emailing info@samlarc.org.

Whether through inter-agency partnerships, community engagement, or future projects, we are dedicated to safeguarding SAMLARC's assets and services so that your family may continue enjoying the unique character and charm of our community.

About the Reserve Study

California law requires the Association's Board of Directors to “cause to be conducted” a Reserve Study with an onsite inspection at least once every three years. To ensure that the Association’s major components were appropriately identified, the Board hired a professional Reserve Analyst for these services. *California law also requires the Board of Directors to make the following disclosures regarding the Association’s reserve funds:

- 1) In the upcoming year, the Association will fund Reserves using the following sources:

	<u>Type of Funding</u>
X	Regular Assessments
	Special Assessments
	Borrowing
	Use of Other Assets
X	Deferral of Repairs
	Alternate Mechanisms

- 2) **The Association had a total of \$11,396,380 in actual accumulated Reserve funds as of September 30, 2025. The Board anticipates that the amount will increase to \$11,465,566 by the end of the current fiscal year. According to the Reserve Analyst, the total replacement cost for all major components is \$19,100,908. The Reserve fund amount beginning January 1, 2026, represents approximately 60% of the projected total replacement cost.** Although this number usually appears low, the Legislature requires the Board to disclose (in boldface type) how much it would cost the Association to rebuild all its major common area components if they were replaced all at once.
- 3) **According to the Reserve Analyst, at the start of the upcoming fiscal year, the Association is anticipated to be 90% funded to the “ideal funding level.”** That number represents the amount the Association is expected to have available for the repair or replacement of major

components when they are scheduled for repair or replacement. Some reserve components scheduled for 2026 repair and replacement were deemed to have additional remaining life. The Board of Directors, therefore, determined to defer or not undertake the repairs or replacement of the following components with a remaining life of 30 years or less (as identified in the Reserve Study as having zero estimated remaining life).

<i>Item #</i>	<i>Item Description</i>	<i>Reason for Deferral or Decision to Not Undertake Repairs/Replacement</i>
1.	Baseball - Benches (CVP)	Defer to 2028/Extended Use of Life
2.	Baseball - Benches (TCP)	Defer to 2028/Extended Use of Life
3.	Concrete Benches (BTT)	Defer to 2028/Extended Use of Life
4.	Concrete Trash Receptacles (BTT)	Defer to 2028/Extended Use of Life
5.	Fitness Station - Replace (LP)	Defer to 2027/Extended Use of Life
6.	Fitness Stations - Replace (LA)	Defer to 2027/Extended Use of Life
7.	Fitness Stations - Replace (LS)	Defer to 2027/Extended Use of Life

Insurance Information

The Association carries General Liability insurance in the amount of \$1 million per occurrence and \$2 million annual aggregate, which exceeds the minimum amount specified in California law to ensure that owners are only individually liable for their proportionate share of special or regular assessments levied to pay any judgments against the Association that exceed the limits of the Association's insurance. Additional disclosures about the Association's insurance policies are included in this packet, including the name(s) of the insurer(s), the types of insurance, the policy limits, and the number of deductibles (if any).

Other Disclosures

The Board of Directors does not anticipate that any special assessment will be required during the 2026 fiscal year to repair, replace, and/or restore any major components or to provide adequate reserves.

Copies of Executive and Open Session agendas and approved Board meeting minutes are available on samlarc.org/board-meetings and upon request throughout the year. Approved minutes are typically available 30 days after the meeting date, and any copying and postage charges for those minutes are the responsibility of the requesting owner. If the minutes are not approved by the Board within the thirty days of the request, draft minutes will be provided.

Please email info@samlarc.org should you have any questions.

- * The Association's Board of Directors has relied on information, opinions, reports, and statements presented to it by vendors, contractors, Reserve Study specialists, CPA's and/or other professionals and is relying upon this information, financial data and reports pursuant to the California Corporations Code in providing the Association membership the information contained in the Assessment Reserve Funding Disclosure Summary. The information contained within the Reserve Study includes assumptions regarding future events based on information supplied to the Association's Board of Directors from said professionals. Some assumptions inevitably will not materialize, and unanticipated events and circumstances may occur after the date of this Disclosure Summary. Therefore, the actual replacement cost and remaining life may differ from those in the Reserve Study. Additionally, inflation and other economic factors may impact the Reserve Study, particularly over a 30-year period, potentially affecting its accuracy and the funds available to meet the Association's obligation to repair and/or replace major components over the next 30 years. Furthermore, severe weather conditions, earthquakes, floods, or other acts of nature, as well as vandalism and other events that are difficult to anticipate, cannot be accounted for and are excluded when assessing the life expectancy of the components. The Reserve Study only includes items that the Association has a clear and express responsibility to maintain pursuant to the Association's CC&Rs.

ASSESSMENT AND RESERVE FUNDING DISCLOSURE SUMMARY

The reserve funding program reflects assumptions about future events based on manufacturer's specifications, information from subcontractors, construction pricing, scheduling manuals, and the experience of the reserve company. The amounts quoted in the Reserve Study prepared in 2025, for year 2026, were used to calculate and establish the ongoing reserve amounts needed to defray future repairs, replacement, or additions to the components that the corporation is obligated to maintain.

SAMLARC currently has a total of **\$11,396,380** accumulated reserve funds as of September 30, 2025, and anticipates that the total will increase to **\$11,458,580** by the end of the fiscal year. This amount represents approximately 60% of the total current cost of replacement for all those components being funded, and 90% of the ideal reserves. SAMLARC's 90% Target Funding Model is projected to maintain the accumulated reserve funds at 90% of the ideal reserves at the 2026 fiscal year end. The Board of Directors reviews funding models annually and does not anticipate that a special assessment will be required to repair, replace, or restore any major components or to provide adequate reserves.

2026 Reserves for Repair and Replacement

California Civil Code §5565 and §5570 call for required disclosures to make to the association membership to detail SAMLARC's reservation for the future periodic repair and replacement of major components of real property owned and maintained by the Corporation. These disclosures are below.

(a) Assessment and Reserve Funding Disclosure Summary for the Fiscal Year Ending 12/31/2026

1. The current average regular Assessment per ownership interest is: **\$91.00 per month.**

Note: If Assessments vary by the size or type of unit, the assessment applicable to this unit may be found on attached pages, to be provided by Board or Management.

2. Additional assessments that have already been scheduled to be imposed or charged, regardless of the purpose, if they have been approved by the board and/or members:

Date Assessment is Due	Average Amount Per Unit	Purpose Of Assessment
-	-	-

Note: If Assessments vary by the size or type of unit, the assessment applicable to this unit may be found on attached pages, to be provided by Board or Management.

3. Based on the most recent reserve study and other information available to the board of directors, will currently projected reserve account balances be sufficient at the end of each year to meet the association's obligation for repair and/or replacement of major components during the next 30 years?

☒ Yes ☐ No

4. If the answer to #3 is no, what additional assessments or other contributions to reserves would be necessary to ensure that sufficient reserve funds will be available each year during the next 30 years?

Approximate date assessment will be due	Amount of Assessment	Amount Per Unit
-	-	-

Note: Indicates the first year of a deficit based on the Adopted Funding Plan. The additional assessment amount indicates what will be required in that year to assure the reserve balance for the remaining years of the report will be above zero. Actual assessments may vary from year to year.

5. All major components are included in the reserve study and are included in its calculations (Note below the status of components with a 30+ yr. remaining life).

Component Name	Status
Wood Trellis - Replace (BC)	Included in Reserve Analysis
Wood Trellis (Pool Area) - Replace (MVP)	Included in Reserve Analysis

6. Based on the method of calculation in paragraph (4) of subdivision (b) of section 5570, the estimated amount required in the reserve fund at the end of the current fiscal year is \$9,855,399, based in whole or in part on the last reserve study or update prepared by Jerry Corpuz as of 2025-10-17. The projected reserve fund cash Balance at the beginning of the current fiscal year is \$9,300,000, resulting in reserves being 94% at this date.

7. Based on the method of calculation in paragraph (4) of subdivision (b) of Section 5570 of the Civil Code, the estimated amount required in the reserve fund at the end of each of the next 5 budget years found in column E, and the projected reserve fund cash balance in each of those years, taking into account only assessments already approved and other known revenues, found in column D, leaving the reserve at percent funding found in column F. Please see the projected five-year funding plan below that has been implemented and approved by the association.

Note: The financial representations set forth in this summary are based on the best estimates of the preparer at that time. The estimates are subject to change. At the time this summary was prepared, the assumed long-term interest rate earned on reserve funds was 3.00% per year, and the assumed long-term inflation rate to be applied to major component repair and replacement costs was 4.00% per year.

(b) For the purposes of preparing a summary pursuant to this section:

- (1) "Estimated remaining useful life" means the time reasonably calculated to remain before a major component will require replacement.
- (2) "Major component" has the meaning used in Section 5550. Components with an estimated remaining useful life of more than 30 years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.
- (3) The form set out in subdivision (a) shall accompany each annual budget report or summary thereof that is delivered pursuant to Section 5300. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.
- (4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

The preparer of this form will be indemnified and held harmless against all losses, claims, actions, damages, expenses or liabilities, including reasonable attorneys' fees, to which we may become subject in connection with this engagement, because of any false, misleading or incomplete information which has been relied upon by others, or which may result from any improper use or reliance on the disclosure by you or a third party.

The reserve study report completed and reviewed for the purposes of completing the enclosed summary was finalized based on approval from the Board of Directors. Therefore, the final decisions for implementation, updating or revising the information obtained in this report, for any changes in assumptions, is the sole right and responsibility of the Board of Directors. This report and the numbers generated herein are for use only for the year it was developed. The preparer of this form is not responsible for the use of the Assessment and Reserve Disclosure Summary in any subsequent year, or in updating the summary in any subsequent year, or in updating the summary for events and circumstances occurring after the date of this report.

DELINQUENT ASSESSMENT COLLECTION POLICY

Effective: JANUARY 2026

Prompt payment of assessments by all owners is critical to the financial wellness of the Association and to the enhancement of the property values of our Association. Your Board of Directors takes very seriously its obligation under the CC&R's and the California Civil Code to enforce the members' obligation to pay assessments. The Board has adopted this Collection Policy in an effort to discharge that obligation in a fair, consistent, and effective manner. Therefore, pursuant to the CC&R's and Civil Code, the following are the Association's assessment collection practices and policies:

- Regular monthly assessments are due and payable on the 1st day of each month. A courtesy billing statement is sent each month to the billing or email address on record with the Association. However, it is the owner of record's responsibility to pay each assessment in full each month regardless of whether a statement is received.
- All other assessments, including, but not limited to, Special Assessments, Reimbursement Assessments, Reconstruction Assessments, and Capital Improvement Assessments are due and payable on the date specified by the Board in the notice of assessment.
- Regular monthly assessments and all other assessments (as defined in Paragraph 2) are collectively referred to herein as "Assessments".
- Assessments, late charges, interest and collection costs, including any attorneys' fees, are the personal obligation of the owner of the property at the time the Assessment or other sums are levied. If an Assessment to be paid by an Apartment Owner becomes delinquent, SAMLARC will recover costs, late charges and interest to the maximum amount allowed under applicable law, separately for each Apartment Unit ("Residence").
- Unpaid Assessments are delinquent 16 days after they are due.
- A late charge of \$10.00 or 10%, whichever is greater, will be charged for any Assessment that is not received on or before the 16th day of the month, prior to the close of business. As applied to Apartment Owners, a separate late fee will be charged for each Apartment Unit ("Residence").
- The Association will charge a **\$35.00** processing fee to the owner for a returned payment.
- Interest on the balance due will accrue at a rate not to exceed 12% per annum; commencing thirty (30) days after the Assessment becomes due.
- When an Assessment becomes more than sixty (60) days past due, the Association will send a validation notice to the billing address on record with the association. The owner will be charged a fee of **\$125.00** for the notice. If an owner writes to dispute the amount owed or to request "original creditor" information within the validation period set forth in the notice, then the Association will cease collection of the debt, or any disputed portion of the debt, until the Association responds appropriately as required by law (see applicable consumer protection laws).
- After sixty (60) days past due, the association may invite owner(s) to a hearing for the purpose of revoking membership privileges. Those privileges can include access to common areas or facilities, services paid for by the association, and/or the member's right to vote in association elections.

RANCHO SANTA MARGARITA LANDSCAPE AND RECREATION CORPORATION

- When an Assessment becomes more than ninety-five (95) days past due, the Association will send a pre-lien letter to each owner, as required by the Civil Code, by certified mail to the owner's address of record. The owner will be charged **\$300.00** for the pre-lien letter, as well as title check fees and all costs to complete the transmittal of the letters.
- If the owner fails to pay the amounts set forth in the pre-lien letter within 30 days of receipt of that letter, a lien for the amount of any delinquent Assessments, late charges, interest and/or costs of collection, including attorneys' fees, may be recorded against the owner's property. The owner will be charged **\$365.00** for the lien as well as any processing fees and costs. A copy of the lien will be sent to each owner at his/her address of record via certified mail within ten (10) days of recordation thereof. After the expiration of thirty (30) days following recordation of the lien, the lien may be enforced in any manner permitted by law.
 - o Prior to the recording of a Board authorized lien for delinquent Assessments, a owner that is delinquent has the right to participate in internal dispute resolution ("IDR") pursuant to the "meet and confer" program in accordance with California Civil Code. Prior to recording a lien, the Board of Directors will approve such action by a majority vote of the Board of Directors.
 - o Upon receipt of payment in full, that includes any late fees, interest, collection costs and/or attorneys' fees, a Release of Lien will be recorded. Copies of the Release of Lien will be sent to all owners of record. A charge of **\$195.00** for this release will be levied against the owner's account. A **\$165.00** recording service will be charged for the recording of the Release of Lien with the County Recorder Office. All county recording fees are charged as applicable and as counties may charge from time to time. Such fees will be charged to the delinquent owner's account.
- If an owner is delinquent for thirty (30) additional days after the Notice of Delinquent Assessment (Lien) has been recorded, the Assessment collection matter will be referred to the Association's attorney or collection agent, and the lien may be enforced by judicial or non-judicial foreclosure sale, or by money judgment at the Association's option. An actual foreclosure sale of an owner's property will not be conducted unless or until either; (a) the delinquent assessment amount totals One Thousand, Eight Hundred Dollars (\$1,800) or more, excluding accelerated assessments and specified late charges and/or fees; or (b) the assessments are delinquent for more than twelve (12) months. [You could lose ownership of your property if a foreclosure action is completed. You will be responsible for significant additional fees and costs, including attorneys' fees, if a foreclosure action is commenced against your property.] The decision to foreclose on a lien must be made by a majority of the Board of Directors in an Executive Session meeting and the Board of Directors must record their votes in the Minutes of the next open session Meeting of the Board. The Board must maintain the confidentiality of the delinquent owner(s) by identifying the matter in the Minutes by only the parcel number of the owner's property. Prior to initiating any foreclosure sale on a recorded lien, the Association shall offer delinquent owners the option of participating in IDR or Alternative Dispute Resolution ("ADR").
- Nothing herein limits or otherwise affects the Association's right to proceed in any other lawful manner to collect any delinquent sums owed to the Association.

RANCHO SANTA MARGARITA LANDSCAPE AND RECREATION CORPORATION

- A **\$50** recording service will be charged for the recording of the Notice of Delinquent Assessment (Lien) with the County Recorder Office. All county recording fees are charged as applicable and as counties may charge from time to time. Such fees will be charged to the delinquent owner's account.
- Any owner who is unable to pay Assessments will be entitled to submit a written request for a payment plan to be considered by the Board of Directors. The Board of Directors is not required to approve a payment plan. If a payment plan is approved, the Board of Directors may establish the terms of the payment plan. A payment plan request or approved payment plan will not impede the Board's ability to vote for and record a lien.

The mailing address for overnight payment of assessments is:

NOTICE ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND FORECLOSURE

Assessments become delinquent 16 days after they are due, unless the governing documents provide for a longer time. The failure to pay association assessments may result in the loss of an owner's property through foreclosure. Foreclosure may occur either as a result of a court action, known as judicial foreclosure, or without court action, often referred to as nonjudicial foreclosure. For liens recorded on and after January 1, 2006, an association may not use judicial or nonjudicial foreclosure to enforce that lien if the amount of the delinquent assessments or dues, exclusive of any accelerated assessments, late charges, fees, attorney's fees, interest, and costs of collection, is less than one thousand eight hundred dollars (\$1,800). For delinquent assessments or dues in excess of one thousand eight hundred dollars (\$1,800) or more than 12 months delinquent, an association may use judicial or nonjudicial foreclosure subject to the conditions set forth in Article 3 (commencing with Section 5700) of Chapter 8 of Part 5 of Division 4 of the Civil Code. When using judicial or nonjudicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the amounts secured by the lien are not paid. (Sections 5700 through 5720 of the Civil Code, inclusive)

In a judicial or nonjudicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common area damaged by a member or a member's guests, if the governing documents provide for this. (Section 5725 of the Civil Code)

The association must comply with the requirements of Article 2 (commencing with Section 5650) of Chapter 8 of Part 5 of Division 4 of the Civil Code when collecting delinquent assessments. If

RANCHO SANTA MARGARITA LANDSCAPE AND RECREATION CORPORATION

the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 5675 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail, including a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 5660 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an owner certain documents in this regard. (Section 5685 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

When an owner makes a payment, the owner may request a receipt, and the association is required to provide it. On the receipt, the association must indicate the date of payment and the person who received it. The association must inform owners of a mailing address for overnight payments. (Section 5655 of the Civil Code)

An owner may, but is not obligated to, pay under protest any disputed charge or sum levied by the association, including, but not limited to, an assessment, fine, penalty, late fee, collection cost, or monetary penalty imposed as a disciplinary measure, and by so doing, specifically reserve the right to contest the disputed charge or sum in court or otherwise.

An owner may dispute an assessment debt by submitting a written request for dispute resolution to the association as set forth in Article 2 (commencing with Section 5900) of Chapter 10 of Part 5 of Division 4 of the Civil Code. In addition, an association may not initiate a foreclosure without participating in alternative dispute resolution with a neutral third party as set forth in Article 3 (commencing with Section 5925) of Chapter 10 of Part 5 of Division 4 of the Civil Code, if so requested by the owner. Binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

An owner is not liable for charges, interest, and costs of collection, if it is established that the assessment was paid properly on time. (Section 5685 of the Civil Code)

MEETINGS AND PAYMENT PLANS

An owner of a separate interest that is not a time-share interest may request the association to consider a payment plan to satisfy a delinquent assessment. The association must inform owners of the standards for payment plans, if any exists. (Section 5665 of the Civil Code)

The board must meet with an owner who makes a proper written request for a meeting to discuss a payment plan when the owner has received a notice of a delinquent assessment. These payment plans must conform to the payment plan standards of the association, if they exist. (Section 5665 of the Civil Code).

ASSIGNMENT OF RENTS

RANCHO SANTA MARGARITA LANDSCAPE AND RECREATION CORPORATION

In the event that the Association files any action against an Owner for unpaid Assessments on Owner's Unit, and said Unit is or becomes rented or leased at any time during the pendency of the action, the Association shall have the right, upon ex parte notice and application, to request that the Court order Owner to assign all rents due from the renter/lessor of said Unit to the Association until such time as all Assessment delinquencies are cured.

Notice Assessments and Foreclosure

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

Assessments and Foreclosure

Assessments become delinquent 16 days after they are due, unless the governing documents provide for a longer time. The failure to pay association assessments may result in the loss of an owner's property through foreclosure. Foreclosure may occur either as a result of a court action, known as judicial foreclosure, or without court action, often referred to as nonjudicial foreclosure. For liens recorded on and after January 1, 2006, an association may not use judicial or nonjudicial foreclosure to enforce that lien if the amount of the delinquent assessments or dues, exclusive of any accelerated assessments, late charges, fees, attorney's fees, interest, and costs of collection, is less than one thousand eight hundred dollars (\$1,800). For delinquent assessments or dues in excess of one thousand eight hundred dollars (\$1,800) or more than 12 months delinquent, an association may use judicial or nonjudicial foreclosure subject to the conditions set forth in Article 3 (commencing with Section 5700) of Chapter 8 of Part 5 of Division 4 of the Civil Code. When using judicial or nonjudicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the amounts secured by the lien are not paid. (Sections 5700 through 5720 of the Civil Code, inclusive)

In a judicial or nonjudicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common area damaged by a member or a member's guests, if the governing documents provide for this. (Section 5725 of the Civil Code)

The association must comply with the requirements of Article 2 (commencing with Section 5650) of Chapter 8 of Part 5 of Division 4 of the Civil Code when collecting delinquent assessments. If the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 5675 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail, including a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 5660 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an Owner certain documents in this regard. (Section 5685 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

7. Statement of Association's Policies and Practices in Enforcing Lien Rights, etc. (Civ Code §5730)

 - b) Send a violation letter stating the violation and the date by which such violation is to be cured to avoid further enforcement efforts.
 - c) The Owner shall have the right to cure the violation. If the violation continues, send a second letter with a notice to the Member advising of the Member's right to appear and discuss the violation with the Covenant Committee. The hearing date will normally be set not less than fourteen (14) or more than sixty (60) days from date of written notice of the hearing. The Owner shall have the right to Internal Dispute Resolution as provided in the Davis Stirling Act.
 - d) A Member is present either in person, or by written response to the alleged violation, at a hearing before the Committee. The Committee has seven (7) business days after hearing to deliver written decision to the Member.
 - e) If the decision is to impose a fine, the Fine Schedule will apply.
2. At any point the Committee may determine to continue fines, use the legal system or cause correction of the violation by SAMLARC to resolve the matter. The Member is responsible for legal fees and/or reimbursement of costs incurred by SAMLARC in enforcement activity.
3. Properties in Violation - When a property is in violation of the Governing Documents due to lack of repair/maintenance and the Owner chooses a remedy that requires prior Architectural Review Committee approval, Owners will have thirty (30) days from the Architectural Review Committee approval date to commence construction or the execution of the remedy, then an additional thirty (30) days (60 days from Architectural Review Committee approval date) to complete the remedy. The Covenant Committee may, on its own, extend the date of completion as the Committee deems warranted by the extent and nature of the remedy or, a reasonable extension may be issued by the Covenant Committee subject to an Owner's request in writing. Dates of commencement and completion will NOT be suspended or extended while the Covenant Committee considers a request to extend any date.
4. Statute of Limitations - If the violation is discovered, or in the exercise of reasonable diligence should have been discovered by SAMLARC, more than five (5) years before legal action can be commenced by SAMLARC against the violator for breach of a restriction, then SAMLARC, generally, and the absence of fraud, shall not

commence legal action against the violating owner for violation of a restriction. The burden of proof is on the violating owner to prove that the statute of limitations has run. This directive is based upon California Code of Civil Procedure § 336 which states the statute of limitations for actions for violation of a restriction is five (5) years.

5. All Level 1 Violations may be initiated by a courtesy notification tag which will be issued prior to first violation letters.
6. A courtesy letter may be sent first on special circumstances.
7. When there is a Level 3 Violation, the next violation letter is to be sent Certified Mail.
8. The exterior of all SAMLARC violation letter envelopes will be stamped in red ink with the phrase "Compliance Required."
9. Rescission of fines will be considered by the Covenant Committee and/or the Board of Directors on a case-by-case basis.
10. In the event a homeowner repeats the same infraction within six (6) months for a Level 1 violation previously resolved, the violation will be reopened at the status and fine schedule in which it was previously closed. In the event a homeowner repeats the same infraction within twelve (12) months for all Level 2 and 3 violations previously resolved, the violation will be reopened at the status and the schedule in which it was previously closed.

Note: Refer to Article XIX, Section 19.01 of the CC&Rs for specific language regarding SAMLARC's Right of Enforcement.

The following shall apply to all "self-help" with entry upon any Residence:

- a) All work must be completed in one day.

2. Staff shall verify that dumping or discharge has occurred.
3. Staff shall take steps to verify that the dumping or discharge was not by vendors of SAMLARC.
4. If Staff receives a report of dumping or discharge, the person making the report shall be advised to call the Sheriff's Department. Staff shall then also contact the Sheriff's Department and provide a report of the information received.

6. Staff shall make arrangements for cleaning the dumped or discharged detritus material and assess the cost to Owner identified in #5 above by charging the Owner with a Special "Reimbursement" Assessment (as provided in the CC&Rs, Article VI), in addition to any other remedies, fines, or disciplinary measures imposed.
7. If the Special "Reimbursement" Assessment is not paid within the time required, then a lien for the unpaid amount shall be processed in the same manner as a lien is processed for non-payment of regular assessments.

D. Rules And Violation Report

There must be two (2) Members representing two different Residences of the Master Association to pursue violations that cannot be viewed during an inspection of the community (i.e., barking dog, noise nuisance, garage storage, etc.) Please be as specific as possible to allow the Covenant Committee to expedite the process in a timely manner. Include specific times and locations. All alleged violations will be evaluated to ensure they are considered an infraction as defined by the Master Association's legal documents.

E. Fine Schedule

1. Letter inviting Member to first hearing. Follow-up letter with first fine plus legal fees, as applicable, following the scheduled hearing.

4. The Covenant Committee may take action including but not limited to: change the ongoing rate of fines; use the legal system; or, correct the violation to resolve the matter. The Member is responsible for legal fees and/or reimbursement of costs incurred by SAMLARC in enforcement activity.

If the violation continues following the third notice of hearing and fine, continuing enforcement may proceed, which may include a combination of the following options:

- a. Seek remedy by use of Internal Dispute Resolution (IDR) to provide a fair, reasonable and expeditious procedure for resolving a dispute between SAMLARC (the Association) and a Member involving the parties' rights, duties, or liabilities under the Davis-Sterling Common Interest Development Act. The IDR process may be begun by either the Association or the Member (the "requesting party") requesting the same, in writing, and serving the other party (the "responding party") with a copy of the written request ("the Request") by certified mail. If the process is invoked by a Member, the Association shall participate. If the process is invoked by the Association, the Member may elect not to participate in the procedure. Should the Member elect not to participate in the procedure, however, the Member shall thereby waive any right to appeal or ask the Board of Directors to reconsider any decision it may make regarding the dispute.
 - b. Suspend or condition the Owner's right to use any recreation facilities that SAMLARC owns, after Notice of Hearing and suspend the Owner's voting privileges as a Member.
 - c. Forward to legal counsel for further enforcement.
 - d. Seek remedy by use of Alternative Dispute Resolution (ADR) such as mediation or arbitration.
 - e. Enter upon Owner's Lot to remove the violation, make the necessary repairs, or perform maintenance, which is the responsibility of the Owner.
5. Fine amounts are categorized into levels according to the severity of the violation, based on a number of factors including, but not limited to, the violations impact on the neighborhood, cooperation of the Owner in resolving current and prior violations, multiple violations, repeated offenses, etc.

Any fines not paid may result in legal action per SAMLARC's legal documents. The Board of Directors may determine the time frame for curing the offenses for each violator consistent with previously reported similar violations, as applicable.

SPECIAL NOTE: Should a violation occur which imposes financial obligation upon SAMLARC, then the party responsible for said violation may be required to reimburse SAMLARC, by way of Special Assessment, for this financial obligation. Example: If an Owner, or an Owner's tenant, guest, family Member or other invitee causes damage to a fence, tree, or any other Community Property, the repair and replacement costs together with the cost of administrative time involved in securing the repair, locating the violator, etc. may be charged to the responsible party.
